

Dr. Belfor presents the Homeoblock

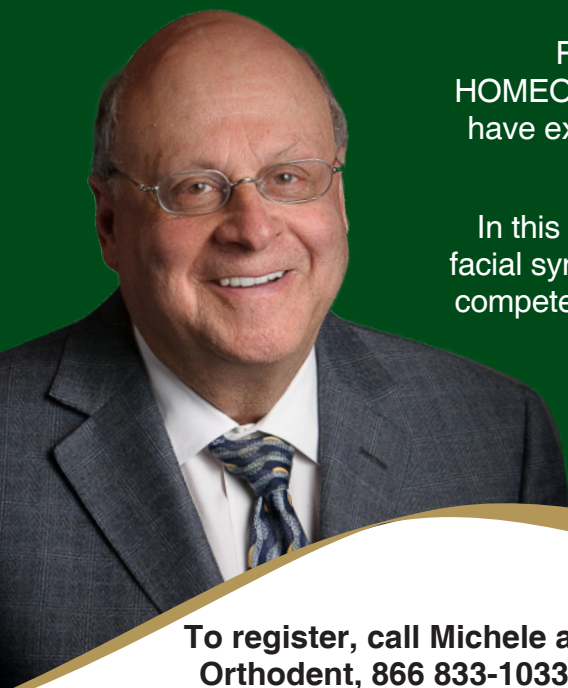

Why is this little appliance creating such a “BUZZ” with dentists treating orthodontics and sleep apnea?

A revolutionary oral device, similar to a retainer in looks, but the results go far beyond tooth alignment.

Learn How This Seemingly Simple Appliance Can Improve Your Patients

- Sleep & Breathing
- Facial Enhancement, Anti-aging With Decreased Lines & Wrinkles
- Facial Symmetry & Broaden Their Smiles With More Prominent Cheekbones & Straighter Teeth

Renowned New York dentist, Dr. Theodore Belfor invented the HOMEOBLOCK™ appliance to solve the myriad of concerns that his patients have experienced. Dr. Belfor has been lecturing, teaching and certifying the HOMEOBLOCK protocol internationally since 2005.

In this course you will learn how you can improve sleep and breathing and facial symmetry in your patients. Take this course and you will be certified and competent in the prescription, delivery and treatment for the HOMEOBLOCK.

With a background in craniofacial pain we can recognize the symptoms in our patients and provide effective treatment protocols.
